Book Club

Friday, May 13 at 11 am

Daughter of Persia

by

Sattareh Farman Farmaian

In this poignant autobiography, Farman Farmaian brings Persian history and culture alive. Born in 1921 into the powerful, aristocratic Qajar family, her life spans nearly a century of tremendous change in Iran: from a sheltered childhood in her father's harem (there was an extended family of four wives and over 30 children) through her studies at the University of Southern California where she was the first Iranian student to attend; to her return to Iran to found and direct the Tehran School of Social Work from 1958 until 1979 when radical students took over the school and forced her into exile.

All are welcome to stop by the library to borrow a copy of the book and join us for a lively discussion at the next book club meeting!

Beginning readers have the opportunity to practice their reading skills by sharing a story with Tess, a certified therapy dog.

For more information, contact the library at 201-845-2915.
